AT ANY BABY CAN, OUR MISSION IS TO EMPOWER FAMILIES SO CHILDREN CAN SUCCEED.

“Our child is so happy now. She plays more, smiles more, and talks a lot! My husband and I thank you from the bottom of our hearts.” - Maria
Austin is consistently ranked in the fastest growing cities in the United States, with a falling unemployment rate and thriving job market. But while others see only the positive growth in the city, all of us at Any Baby Can recognize there is a growing need for families who require support services.

2014 was a year of many milestones for the Any Baby Can family. Over the past decade, our agency has doubled in size and due to our increased staff we are now able to serve twice as many children and families in need in our community. Our growth is signified by the move into our new home, a beautiful, open space that allows us to effectively serve more families and further develop our vision. We look forward to another year of growth and serving even more families in 2015.

This exponential growth only continues due to the support of our generous donors, volunteers and partners who share our vision and belief that all children deserve the chance to succeed.

Andy Miller, MHSE, MCHES
President and Chief Executive Officer

Thank you for helping us empower stronger families, stronger communities, and a stronger Austin.
2014 By the Numbers

6,938 Children and Families Impacted

1,072 Consultation and Referrals Contacted

Texas

Is only the 43rd best state to be a child

Ranks 49th in healthcare for children

Is a state where one in four children live in poverty

- Center for Public Policy Priorities
Austin is Growing Rapidly ...

With a projected economic growth rate of 6.1% and population growth rate of 2.8%, Austin is one of the fastest growing cities in the country. -Forbes

But So Is the Need

- More than 30,000 children in Austin live with a special need
- 3,096,050 students in Texas are economically disadvantaged
- 1,741,000 children, or 25 percent of Texas kids live in poverty

At-Risk Children are:
- 70% more likely to be arrested for a violent crime
- 66% more likely to become involved with drugs or alcohol
- 50% more likely to require special education
- 50% more likely to have problems at school
- 40% more likely to become pregnant as a teenager
- 30% more likely to abuse their own children

Let’s Stimulate Proper Growth

The proven results of Any Baby Can’s home visitation services and parenting classes show that children and families are more likely to succeed when problems are addressed early.

It is our mission to empower families so children can succeed.
THANK YOU

Any Baby Can extends grateful thanks to our FY14 major funders and Board of Directors for their generous support and for sharing our belief that every child deserves a strong family.
