

Comprehensive Advocacy and Resources for Empowerment (CARE)

Nearly **35,000 Austin-area children** live with a special healthcare need. Any Baby Can's Comprehensive Advocacy and Resources for Empowerment (CARE) program serves these children.

Who Does Any Baby Can's CARE Program Serve?

CARE serves families of children zero through age 20 who have physical, developmental, emotional or behavioral special healthcare needs. A priority of CARE is to find and establish a medical home for the family. Parents and children receive emotional support, learn coping skills, and are connected to community resources. The program also offers events that provide a place for families to meet, have fun and support each other.
